The Regional Municipality of York Police Services Board

Dear Mafalda:

**Re: Development of the Community Safety and Well-Being Plan for York Region**

The Police Services Act, 1990 requires The Regional Municipality of York (York Region), as an upper-tier municipality, to develop a Community Safety and Well-being Plan (Plan). We have been working closely with partners, including York Regional Police, on the development of the Plan, and are on track to submit it to York Regional Council for approval in May of this year.

Ahead of our Council submission, Chief MacSween recommended we provide the Police Services Board with a presentation on the Community Safety and Well-being Plan. I understand there is an upcoming meeting on March 23<sup>rd</sup>, and I am formally requesting an opportunity to present to the Board on this date.

I envision a 25-30-minute presentation (inclusive of questions and discussion), including what we are required to focus on and include under the Act, our Council-approved approach to the development of the Plan, and areas of collaboration between York Regional Police and York Region.

I am planning to include members of my team to support the presentation, including Lisa Alfieri-Sladen, Manager, Human Services Strategy & Partnerships, and Nathan Stern, Program Manager, Community Development.

I welcome any questions you may have about this request.

Sincerely,

Joseph Silva  
Director, Strategies and Partnerships  
The Regional Municipality of York
