### **3. Background**

The Ministry of Community Safety and Correctional Services Policing Standard 001-0049 Framework for Annual Reporting Guideline states that, pursuant to Section 31 of the Adequacy Standards Regulation, every Chief of Police prepare for the Police Services Board, an annual report on the activities of the police service during the previous fiscal year which includes information on performance objectives; indicators and results; public complaints; and the actual cost of policing.

In addition, Section 32 of the Adequacy Standards Regulation requires a Police Services Board to enter into a protocol with its municipal council that sets out the date by which the annual report will be provided to municipal council, the responsibility for making the annual report public and the date by which it will be made public.
