Dear Ms. Valente,

Re: York Regional Police-Directed Towing and Impound Services in Vaughan

Thank you for your letter, of March 29, 2023, responding to our concerns with vehicle storage rates for YRP-directed towing and impound services in Vaughan.

I am grateful for the time and attention paid to this matter, and pleased that you agree with IBC's interpretation of the By-law. I want to acknowledge the responsiveness shown by you, YRP and the YRPSB in addressing this matter. IBC fully respects the decision to raise the matter directly with your vendor, York Auto.

This issue was of considerable concern to our members. Clarity on billing from and payment to York Auto moving forward would be appreciated, and it is in this vein that I ask that you keep me apprised of the specifics of the eventual resolution once it has been determined. Let me know if this is somehow problematic.

Thank you for your timely response. YRP is an important partner to IBC and our sister organization Équité in the broader fight against fraud and vehicle theft in York Region and Ontario.

Sincerely,

Kim Donaldson
Vice-President, Ontario
